#### Report:

1. <a href="#"><u>TSTC Board of Regents Honor Graduates Summer 2016</u></a> .....	6/7
<i>Elton E. Stuckly, Jr.</i>	

**Board Meeting Date:** November 17, 2016

**Proposed Minute Order #:** 56-16(c)

**Proposed By:** Elton E. Stuckly Jr., Executive Vice Chancellor & Chief Operations Officer.

**Subject:** Declaration of Approximately 295 Square Feet (Room # 133) in Building 4BW1 at Texas State Technical College in Brownwood, as not Needed for Educational and Training Purposes

**Background:** TSTC in Brownwood building 4BW1 has a space surplus and the 295 square foot office (room # 133) is not needed nor is it expected to be needed in the foreseeable future by TSTC.

**Justification:** The Taylor County Veterans Center, located in Abilene, Texas, provides counseling to veterans and their families to cope with Post Traumatic Stress Disorder. There is a need to extend counseling services to Vet Center clients at convenient locations outside of Abilene.  
Providing this space in Brownwood will increase the outreach to veterans in the Brownwood area. The Center will counsel veterans who are TSTC students and those who are not students.

**Additional Information:** It is a part of TSTC's mission to serve other state organizations when possible. There will not be a charge for the space however supporting our veterans and providing space for this service will have other benefits to TSTC.

**Fiscal Implications:** None

**Attestation:** This Minute Order is in compliance with all applicable laws and regulations to the best of my knowledge.

**Attachment(s):** Floor Plan

**Recommended Minute Order:** "The Board Of Regents declares approximately 295 square feet (Room #133) in building 4BW1 at Texas State Technical College in Brownwood as not needed for educational and training purposes."

## Brownwood Building 1

**Board Meeting Date:** November 17, 2016

**Proposed Minute Order #:** 57-16(c)

**Proposed By:** Elton E. Stuckly Jr., Executive Vice Chancellor & Chief Operations Officer

**Subject:** Declaration of Approximately 112 Square Feet (Room #226) of Office Space in the Industrial Technology Center at Texas State Technical College in North Texas, as not Needed for Educational and Training Purposes

**Background:** The North Central Texas Council of Governments based in Arlington, Texas, provides programs and resources for individual area citizens on educational and career opportunities and matches technical training needs for area employers training providers in the North Texas area. Providing space at our North Texas facility will increase the awareness of Texas State Technical College (TSTC) to the general public and also provide opportunities for closer collaboration on workforce development training in the area.

**Justification:** Because TSTC expanded the available space within this facility to accommodate growth, the noted space in the Industrial Technology Center is not currently needed by the college for educational purposes. The term of the lease under consideration concludes September 30, 2017, and may be canceled upon sixty days with notice.

**Additional Information:** It is part of TSTC's mission to serve other State organizations when possible. While there will not be a charge for the space, supporting this organization will directly benefit the College.

**Fiscal Implications:** None

**Attestation:** This Minute Order is in compliance with all applicable laws and regulations to the best of my knowledge.
