Regents:

SUBJECT: Quarterly Control & Compliance Attestation

I am providing this letter in connection with the College's preparation of quarterly Board reporting. I understand that you and the Board of Regents will rely on these reports to assist with your governance responsibilities, specifically including, but not limited to, your responsibilities to the Governor's Office, Legislative Budget Board, and the Texas Higher Education Coordinating Board.

I have reviewed sections of the Board reports relevant to my operating responsibilities and believe the disclosures are informative and reasonably reflect the underlying events and the inclusion of other information necessary to give you a materially complete picture of our operations. I hereby certify, to the best of my knowledge and belief, that the reports do not contain any untrue statement of a material fact or omit any material fact(s) necessary to make the report misleading.

I confirm that I am responsible within areas of my operating responsibility for:

- a. The design and implementation of programs and controls to prevent and detect fraud;
- b. Establishing and maintaining effective internal control over financial reporting, effective and efficient operations, and regulatory compliance;
- c. Maintaining appropriate documentation of such internal control; and
- d. Financial reports, records and supporting documentation that were properly reviewed and to my knowledge, do not contain any untrue statement of material fact or omit material facts that would result in making the information and/or documentation misleading.

I confirm, to the best of my knowledge and belief, the following representations:

1. I have no knowledge of any regulatory violations, occurrences of misstatement, fraud or suspected fraud affecting the College during the period being reviewed that has not been reported to you, our General Counsel, the Internal Audit Director, or the Audit Committee;

2. There are no contingent claims that have not been reported to our Chief Financial Officer or General Counsel; and
3. I have maintained adequate internal control over financial reporting, effective and efficient operations, and regulatory compliance within my areas of operating responsibility as of December 31, 2016, based on criteria established by prudent risk management practices.
4. There have been no changes in internal control that might negatively affect the effectiveness of such controls, including any corrective actions taken with regard to related deficiencies and weaknesses previously identified. I have resolved, or am currently in the process of resolving, all such issues identified and communicated to me during previous audits (internal or external).
5. All material transactions have been communicated to the Chief Financial Officer for recording and disclosure in the financial statements and/or Board reports.
6. The following, to the extent applicable, have been appropriately identified and communicated for proper recording and disclosure:
 - a. Related-party transactions associated with vendor relationships; and
 - b. Significant contractual obligations, or other contingent liabilities.
7. Violations or possible violations of laws or regulations whose effects should be considered for disclosure due to their level of impact have been communicated to you, our General Counsel, the Internal Audit Director, or the Audit Committee.
8. The College has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
9. Other than those previously disclosed, no events have occurred subsequent to December 31, 2016, that should be disclosed due to their impact on the financial statements, effectiveness of existing systems of control, or regulatory compliance.

Please note, details of any issues, if not previously communicated, are attached to this document.

Sincerely,

Michael L. Reeser
