DESCRIPTION OF AWARDS & HONORS

THE DEGREES

The **Associate of Science degree** is specifically designed for the benefit of students transferring to a four-year university. TSTC offers this degree in the areas of biology, computer science, engineering, math and physics.

Technical programs of study offered at TSTC award the **Associate of Applied Science degree**. These programs prepare technicians who are in demand in today's industry to work on a level between engineers and skilled craftsmen.

Skill development programs offered at TSTC award **Certificates of Completion**. These programs are designed to teach students specific skills needed for entry-level jobs. This is accomplished through specialized training in the particular skills area.

THE REGALIA

Every college commencement ceremony reveals the regalia specific to academia. Academic institutions throughout the world have created a wide variety of distinctive dress, color and ceremony to indicate the accomplishments of scholars. American academic regalia developed from English traditions and have been in continuous use in this country since Colonial times. Each institution of higher education in the United States has a well-defined code for identifying different academic degrees by distinctive gowns, hoods and colors. The differences in the regalia seen in the faculty procession represent the variety of institutions from which they are graduates and the different degrees they earned. The associate's gown has open sleeves and features a special cowl instead of a hood, which distinguishes it from the bachelor's, master's and doctor's regalia.

THE HONORS

Select candidates, chosen by their respective divisions, carry the divisional banners. A member of Phi Theta Kappa, the international honor society for two-year colleges, carries the TSTC banner.

Members of **Phi Theta Kappa**, the international honor society of the two-year college, are recognized with gold stoles and tassels.

***Honor graduates**, participants who have maintained a grade-point average of 3.5 or higher, are recognized with gold cords.

+Board of Regents Honor Roll members, who have a cumulative grade-point average of 4.0, are recognized with gold medallions.

SkillsUSA Medal winners are recognized with competition medallions.

■ Military Veterans

TSTC takes great pride in helping veterans transition from military service to civilian careers. Graduating military veterans are honored with a red, white and blue spirit cord and recognized during the commencement program.
